MY VISION

Unique styling and attention
to proportions are key
ingredients to good design.
If it makes you feel better,
then it is great design.

MATERIALS & CARE

COUTUREtex

This is a 100% solution-dyed acrylic fabric, that is water and stain repellent, weather proof and with a 5 years warranty. COUTUREtex is incredibly easy to clean. Therefore you can be confident your furniture will look stylish season after season. Regular cleaning using a soft brush or sponge with a neutral PH detergent is recommended. After cleaning, rinse abundantly with clear water before storage. It is recommended to store your furniture under covers in winter or when not in use for long periods of time.

AXVISION

100% blended polyester fabric, water and stain repellent, weather proof with a 3 years warranty. Regular cleaning using a soft brush or sponge with a neutral PH detergent is recommended. After cleaning, rinse abundantly with clear water before storage. It is recommended to store your furniture under covers in winter or when not in use for long periods of time.

Some of our textiles are Sunbrella fabrics. These fabrics have been developed especially for outdoor use and are made of yarn-dyed acrylic. his unique coloring process guarantees optimal color-fastness. It is recommended to store your furniture under covers in winter or when not in use for long periods of time.

OUTDOOR WICKER

The wicker used is highly supple, tear resistant and UV resistant. Our polyethylene based extruded and through-dyed wicker is completely weatherproof as well as being color fast, extremely hard wearing and easy to clean. The wicker is resistant to chlorine, salt water, tanning lotions and oils. Outdoor wicker is completely weather resistant and can be left outside and exposed to the elements all year round.

QUICK-DRY SYSTEM

Made with reticulated foam, our quick-dry system foam allows you to enjoy your furniture almost right after the rain, while others must wait! This open cell foam offers exceptional air flow and water drainage. There is a mesh on the bottom of all our cushions that let the water drain easily avoiding it to be trapped inside and providing air flow. The water flowing faster, out of the cushion, is key to avoid any moisture or mildew. All furniture can be cleaned easily with water and ordinary household cleaners. It is recommended to store your furniture under covers in winter or when not in use for long periods of time.

ALUMINIUM POWDER COATED

Our aluminium furniture is lacquered using  powdercoat finish. The electro-static application method ensures 100% coverage of the alum surface area and provides a consistent and tough finish. The resulting polyester powder-coated surface is flexible and thus knock and scratch resistant, impervious to moisture, highly resistant to corrosion and easy to clean.

Serge Ferrari textile is a combination of sheathed and high-tenacity synthetic yarn. It has a soft touch that is durable and weather proof with a 5 years warranty. For regular cleaning use a soft brush or sponge with Serge Ferrari Cleaner 500 or a neutral PH detergent. After cleaning, rinse abundantly with clear water before storage. It is recommended to store your furniture under covers in winter or when not in use for long periods of time.

ROPE

Our rope is a combination of a woven solution-dyed olefin or acrylic. This water and weather proof material withstands changing weather conditions. It's UV-resistant and dries quickly after getting wet, which makes it ideal for outdoor use. It's easy to maintain and can be cleaned with ordinary household cleaners. It is recommended to store your furniture under covers in winter or when not in use for long periods of time.

MAX ROPE

Our MAX rope is a combination of woven PVC or acrylic covering over a core of rubber. This weather proof material withstands changing weather conditions, is UV-resistant and dries quickly after getting wet, which makes it ideal for outdoor use. It is easy to maintain and can be cleaned with ordinary household cleaners. It is recommended to store your furniture under covers in winter or when not in use for long periods of time.

CORD

Our cord is a combination of woven polyester wrapped in woven PVC. This water and weather proof material withstands changing weather conditions. It's UV-resistant and dries quickly after getting wet, which makes it ideal for outdoor use. It's easy to maintain and can be cleaned with ordinary household cleaners. It is recommended to store your furniture under covers in winter or when not in use for long periods of time.

CERAMIC-COATED GLASS

This tempered glass has a baked-on ceramic coating to ensure perfect adhesion and longevity. This application leaves the surface with a distinctive, textured pattern virtually eliminating fingerprints. In addition, the UV proof table top is less reflective than polished glass. Wash with a mild cleaner and soft cloth.

High pressure laminate is perfectly suited for outdoor use. It is resin-impregnated and compressed under very high pressure creating a strong top with a scratch-resistant surface. These table tops basically require no maintenance and can remain outdoor all year round. Compact laminate will naturally fade slightly at the edges over time. In order to maintain the deep black color, the edges can be freshened up by rubbing linseed oil on them. It is recommended to store your furniture under covers in winter or when not in use for long periods of time.
